

# Language and Parental Engagement

Do you want to learn more about your child's school?

Would you like to help the school or your child?

Do you want to actively participate?

Then follow the free course Language and Parental Engagement!

## What you will learn during the course:

You will learn to speak Dutch better and how to help your child. Get to know the school and participate in activities. And you will also make connections with language schools and organizations for (volunteer) work. Join the Language and Parental Engagement course for free!

## Duration of the course:

A course lasts 13 weeks. You may participate in a course three times (1 year). A new free course at De Blauwe Lijn will start in November once we will have enough registrations.

## Where and when:

Classes are held twice a week at school; Monday and Friday mornings, 3 hours per lesson. There will be no classes during holidays and study days.

## Can anyone participate?

If you live in Amsterdam and have a BSN, you can most of the time join for free.

You should be able to read and write a little and speak and understand some Dutch.

## Sign up:

Request a registration form by texting 06-44177546 or sending an email to [tob@TCMtaal.nl](mailto:tob@TCMtaal.nl).
